

UVOICE PHONES · UVOICECLOUD

Uvoice EXP55

Color key module

One-touch keys for reception and high-volume desks.

5.5" color display

78 programmable keys

3 pages of 26 keys

Busy lights

One-touch transfer

Works with 74U and 77 series

Display & keys

- ✓ Large 5.5" color screen with on-screen labels
- ✓ 26 keys per page, each with a status light
- ✓ 3 pages for up to 78 programmable keys
- ✓ Page keys to switch between views
- ✓ Names and labels update from UvoiceCloud

What each key can do

- ✓ Busy lights (BLF) for co-worker status
- ✓ Speed dial to people, departments and outside numbers
- ✓ Call transfer and call forward
- ✓ Call park and parked-call pickup
- ✓ Pick up ringing extensions

Built for the front desk

- ✓ See which co-workers are on a call before you transfer
- ✓ One-touch transfer to people and departments
- ✓ Fewer blind transfers and fewer callers sent to voicemail
- ✓ Buttons laid out by Uvoice to match your office

Compatibility

- ✓ Attaches to the Uvoice 74U and 77 series
- ✓ Add up to 3 modules to one phone
- ✓ Adjustable stand matches the phone's angle
- ✓ Not for use with the Uvoice 34W

Designed for receptionists, administrators and anyone who answers and transfers calls all day. See who is on the phone at a glance and move callers with one touch. Programmed by Uvoice for your team.

UvoiceCloud + ConnectUC

Why the Uvoice EXP55: It turns a desk phone into a live view of the whole office: reception sees who is available, transfers in one touch and keeps callers moving. **Ideal for:** Front desks, executive assistants and operators. Every Uvoice phone is programmed for you, installed by our team and supported by people who know your system.
